Our staff of 450 professionals includes civil, mechanical, electrical and structural engineers; architects; planners; biologists; surveyors; mappers; GIS specialists; pilots; right of way agents; financial analysts; program and construction managers; and inspectors. We provide services to a diverse client base including federal and amunicipal governments, public transportation agencies, railroad companies, industrial and commercial corporations, private developers, institutional, primary and secondary education, healthcare, and renewable energy companies.

SAME Fort Worth Featured Sustaining Member Firms – January 2018

Woolpert is a national architecture, engineering and geospatial (AEG) services firm that delivers value to clients by strategically blending engineering excellence with leading-edge technology and geospatial applications.

We've worked with the Army, Air Force, Navy and Marine Corps at all levels—from the Pentagon, Major Commands and Installations to include the Reserves and National Guard; throughout CONUS, Alaska and Hawaii; and from the Pacific Rim to Europe.

Woolpert provides the following services to military clients:

- Master Planning/Programming
- Architecture
- Engineering
- Resiliency Planning/Design
- Design Charrettes
- Asset Management
- Energy Solutions
- Facility Condition Assessments
- Geospatial Services
- Remote Sensing – Lidar and Imaging

We are also proud, sustaining members of SAME Posts across the country.

SAME Fort Worth Featured Sustaining Member Firms – January 2018

Founded in 1964, Yates Construction has been a proven leader in the building industry for more than 50 years. With offices strategically located throughout the southern U.S., including two Texas offices in Fort Worth and San Antonio, our success is based on a simple philosophy: delivering Value on every single project – regardless of size or scope – on time, within budget and to our clients satisfaction, while staying true to our Core Values of Safety, Integrity, Passion and Commitment.

With a \$2.5 billion bonding capacity, Yates is financially sound and consistently ranked among the Top Building and Green Contractors in the nation by Engineering News Record. With access to over 9,000 employees nationwide, The Yates Companies offer turn-key solutions to many Federal clients, including the U.S. Air Force, U.S. Department of Homeland Security, U.S. Navy, U.S. Armed Forces, and the U.S. Army Corps of Engineers wherein we have worked with the Fort Worth, Savannah, Louisville, Tulsa, Little Rock, Vicksburg, New Orleans and Mobile Districts, and are the proud recipients of numerous “Outstanding” CPARS/CCASS ratings and multiple Safety awards for our performance on their projects throughout the U.S. Yates has experience with over \$1 billion in Federal construction project volume, and is a proud Sustaining Member of multiple Posts of the Society of American Military Engineers. Our commitment to our nation’s military forces is further reflected by our active participation in several ‘Adopt a Battalion’, ‘Wounded Warrior’ and related outreach efforts for military personnel and at military installations throughout the south.
