Partnering Organizations

The Regional Hispanic Contractors Association (RHCA) invites professional and construction services firms to participate in the TxDOT Dallas and Fort Worth District Heavy Highway Forum. Meet with the TxDOT Dallas and Fort Worth District Engineers and staff to learn about the recently approved 2020, 10-year, \$77 Billion Unified Transportation Program (UTP) and the billions of dollars in projects coming to the DFW region. Projects that will be discussed include:

- I-635 LBJ East Project
- Irving Interchange Project
- Southeast Connector (Loop 820/I-20 Interchange) Project

There will be an opportunity to network and hear from Texas Heavy Highway industry leaders.
